CURRENT SNOW CONDITIONS

We know that people are concerned because of the limited snow in the Alps so far this season. Snow is forecast by the middle of next week and temperatures are low so it is being made where ever possible.

We are working with les ARCS and other partners to ensure that the BARSC races can continue as planned. We will publish updates as and when we have more information about these plans.

We anticipate meeting with representatives of les ARCS no later than 20th December and will publish an update as soon as possible after that meeting.
