

ERSA Club National at Welwyn.

Today, 2<sup>nd</sup> July, I received notification from the CEO of Gosling Sports Park, Stephen Aucott, that they have to cancel the Club National on the 12<sup>th</sup> July. After a third party review they now have some essential maintenance work which is required on the slope which cannot be completed before the race next weekend. I have spoken to the Stephen tonight to see if there is anything we can do to ensure the race continues even with a reduced number but unfortunately it is not going to be possible.

As much as we would like to run a race on the 12<sup>th</sup> July it is just too short notice to arrange another location which would suite people. Therefore it is with regret we have to cancel the race.

Those that have paid will receive a full refund. If you paid on the old entry system this will come from Snowsport England and if you paid on the ERSA website it will come from ERSA Paypal account.

Thank you for your support and we hope that we will be able to ensue races continue at the slope in the future. If you have any questions please contact me at [chair@ersa.co.uk](mailto:chair@ersa.co.uk).

Bernard Wright

Chief of Race
