

ALPINE RACING BULLETIN – JUNE 2012

Non Starters at races (DNS – Did not Start)

At Hemel CN this year we had a large number of DNS (Did Not Starts) 21 in total. Whilst I understand that circumstances may change from when the race is booked to the actual race day, the Hemel race was very oversubscribed. It would help the organisers and any other racers who didn't get into the race, if racers/parents could let the organisers know as soon as possible.

The Club National Acceptance Bulletin is now published on <http://www.gbski.com/forms.php>
The Race Secretaries Booklet will be published shortly, also on <http://www.gbski.com/forms.php>

Age Groups confirmed

It was agreed at the British TD Forum in May to adopt the new FIS age groups for both BASS and BARTS competitions. There remains to be a debate on when seeding should start and on the impact on the artificial slope rules. BASS and BARTS seeding for U12s is still to be decided.
