- 1.9 England Alpine Team application form 2007/8

Participation in the England Team programme requires a significant commitment from both the athletes and parents in order to operate successfully. Parental support to the teams activities (such as assisting in logistics or as a house parent on camps) helps to reduce the overall expense of running camps.

The overall aim of the team is to produce athletes that will go on to the Home Nations full time team and the British Team. To achieve this athletes need to have technically sound skiing, high levels of fitness in addition to low FIS points. This is why the selection criteria has different elements to it.

All athletes wishing to be considered for selection to the England Alpine Ski team, or wishing to train/race with the team by invitation should complete the selection application form and the required selection elements for their age.

SELECTION FOR 2007 / 08

1. Selection Guidelines for 2007 –08

1.1 Introduction

The selection policy is integrated with Snowsports GB Selection Policy and has the same requirements as the Scottish Team Selection Policy. This is so all the Home Nations have the same selection policy and a fairer selection can be done for athletes on the full time Home Nations team which is run by Snowsports GB. It will also show a clear pathway from Children to Senior age groups; which is important in helping raise performance levels.

The England Alpine Team exists to identify and develop ski-racers with the potential to compete at the highest international level.

The aim of the selection process is to identify the athletes who merit and want inclusion in the England Alpine Ski Team training and racing programme. The aim of the programme is to develop skiers for selection to the Home Nations Development Programme and the British Junior Team in year 3, 4 or 5 of Junior FIS Racing. We emphasise that the priority in these early years of FIS racing is to lay the technical foundations for later competition success.

The England Team will provide a racing and training programmes for FIS Junior and Senior athletes to achieve this aim within the constraints of budget and educational commitments.

1.2 Selection Overview

Selection will be done with the Snowsports GB Selection Policy. This is so all the Home nations have the same selection criteria. Athletes that want to train full time will be eligible to train with the Home Nations Development Programme only if they reach selection criteria outlined in the Snowsport GB Selection document. There are various elements to the selection criteria and these are summarised in Table 3 from the Snowsport GB selection Policy.

1.2.1 Snowsport GB Fitness Tests

Fitness test will take place on **Sun 29th April 2007**. If an athlete cannot attend or does not achieve the required fitness he/she will be selected on transitional status only until he/she has passed the test. Please fill in the booking form for the Fitness Test and return with the Selection Application Form.

1.2.2 Snowsport GB FIS Point Matrix (Appendix B)

This shows what points athletes need to obtain for which performance level

1.2.3 Snowsport GB Time Trials

- This is planned to take place on **5th April 2007** in Meribel / Mottaret. (More information will be given out in the resort)
- This will be for last year CH II and Junior 1 athletes (1992,1991 and 1990).

1.2.4 Snowsport England Technical Skills Assessment Test or Assessment Video

- Will take place at the English Championships at the beginning of the week.
- This will be for last year CH II and 1st year Junior athletes (1992 and 1991).
- 4 runs required
 - 1. Off piste/crud Long to short turns
 - 2. Off piste/crud Short to long turns
 - 3. On piste 1 ski short turns
 - 4. On piste 1 ski long turns
- If it is not possible to attend then a video can be submitted to the Head Coach by the final day of the English Championships (13th April 2007)

1.2.5 Snowsport GB Selection Performance Profile (For athletes already on Home Nation Team)

- This will only be completed by National Team coaches

1.3 Formation and Members of Selection Committee

The Chairman of the Selection Committee may invite others with specialist knowledge to contribute for part of a meeting depending on the availability of individual members and the specific areas for which it is selecting.

Committee members should be free from external conflicts of interest in the selection process.

SELECTION FOR 2007 / 08

1.3 Code of Conduct

All Team athletes will be required to sign and abide by a code of conduct. This document will be issued with offers of selection.

1.4 Selection Status

There will be 3 levels of selection. Only athletes selected to the A Team are eligible for the Full Time Team. Only results from Slalom, Giant Slalom and Super-G will be used for Junior 1 selection.

A Status

- As per table 3 in Snowsport GB selection policy

B Status

- As per table 3 in Snowsport GB selection policy

C Status

- Athletes who have just missed selection criteria but have shown potential. Decided at the selector's discretion.

Affiliated Status

The opportunity to train and race in the programme will be extended to athletes from the other Home Nations as long as they meet the selection criteria and the selection panel supports it. They will be required to sign up to the whole program and pay the full coaching fee.

1.5 Notes

- **Consistency and improvement**

Consistency of form and a regular rate of improvement in results are generally the strongest arguments for selection. One off results will be considered in context as far as possible.

- **Performance Potential**

Athletes showing potential and ability not supported by evidence of performance will be invited to train with the team on a trial basis, and may subsequently be offered team status

- **Injury**

Historic results from the season 2005-6 may also be taken into account for athletes who have been unable to compete a full season in 2006-7 as a result of injury.

ENGLAND ALPINE SKI TEAM

SELECTION FOR 2007 / 08

2.0 Appeals Process

The Snowsport England appeals processes are structured to conform to UKSport guidelines. All appeals must be made in writing, with accompanying evidence and any additional information, to the Snowsport England office.

For English Team selection(s) Appeals must be made within 2 weeks after the Selection Panel's announcement of the teams.

All Appeals will be considered on an individual basis. Appeals will first be reconsidered by the original selection committee, who will explain their reasons for the decision to the athlete. If the athlete is not satisfied with either the process or the outcome of the Selection Committee's final decision, then the athlete may (take out) refer the matter to an Internal Appeals Committee.

The Snowsport England Appeals Chairman will constitute an Internal Appeals Committee made up of at least three people who did not sit on the original selection committee.

If the dispute remains unresolved, it will be submitted for an exclusive, final and binding determination to the Sports Dispute Resolution Panel (SDRP).

Snowsport GB understands that both parties will need to undertake and to execute in good faith any decision of the SDRP.

ENGLAND ALPINE SKI TEAM

SELECTION FOR 2007 / 08

2007-08 Training and race programme

3.1 Description

Training for success at FIS Junior level requires a far greater degree of commitment and expense than at Children's level. Equipment and training requirements become more specific.

Technical training, fitness and conditioning programmes need to be strongly addressed in the Summer and Autumn periods. This is the most important part of the programme.

Summer and Autumn are crucial for development and the value of quality time on snow at this time of year can not be overstated. A competitive peer group environment is essential.

In the competitive season, racing at FIS level involves extensive travel and time off school is often required. At this time the balance between racing and training is difficult to get exactly right. A common error is to become preoccupied with racing, forsaking on-going technical training that makes success in the longer term far more likely. Our training opportunities are relatively rare. It is important to make the most of them, and to maintain momentum in the training programme.

Our overall aim is to have enough races to ensure steady improvement of FIS points, and progression towards the British Team Selection levels.

Part Time Programme

For the majority of English Junior races it will only be possible to follow a part time programme. This will need to be tailored to fit in with educational commitments and other constraints.

We intend to run a continuous programme of activity throughout the year; the details of which are outlined on the following pages. In order to maintain continuity of training and for the athletes to gain the greatest benefit from the programme we insist on the following criteria being met.

- The fitness tests are compulsory and the athlete cannot attain full team status until the required levels have been passed. Fitness tests will be taken before selection on Sat 29th April 2007 and there will be the opportunity to take the test on two more occasions in the early part of the programme. Failure to meet the fitness criteria will result in de-selection (unless injured or in rehab from an injury with consultation with medical staff). It should be noted however that, should this happen, the athlete will still be liable for the full amount of the Coaching Fee.
- The athlete is expected to attend at least 4 training weeks (excluding races weeks). Athletes will not necessarily be expected to take up every part of the programme, but to use the programme to as great an extent as possible. The programme can be followed in co-operation with clubs and other trainers but in order to maintain membership of the National Team the athlete will need to submit a programme with details of each camp they are not attending and the reasons for not attending that camp.
- It is a compulsory element of the programme that all selected athletes attend and race as an England Team Member at the English Alpine Championships.
- Athletes will be required to commit and pay for camps in advance in order to effectively plan the calendar.

Full Time Programme

The Home Nations Development Team is run by Snowsport GB and is a full time, year round programme. This is intended for athletes who have minimal or few educational commitments and can commit to more training and racing activities. This will be based at the BOA centre in Lofer, Austria. The details of athletes selected to this Team (your details) will be passed on to the relevant coaches.

SELECTION FOR 2007 / 08

3.3 Costs

There are four contributors to the cost of the overall programme

- Individual athletes contribution
- TASS funding
- Snowsport England Alpine Racing Budget
- Sponsors + Fundraising Activities

The funding will be on the same basis as season 2006/07 with an initial Coaching Fee to be paid in 2 instalments. The primary purpose for this is to guarantee the contracting of a Head Coach, so ensuring high quality coaching for the team through the season. It is expected that the cost will be £1200 for the season 2007/08 and, final details will be included in offers of selection.

NB Any England Team athlete that is selected to the Home Nation Development Team (full time team) will not have to pay the coaching fee to Snowsport England as they will pay all their bills through Snowsport GB

Camp prices will vary as the actual basic expense cost of the camps is slightly different. The estimated costs of all part time programme activities is £7000

The total level of support that Snowsport England is able to guarantee to provide is uncertain. Support will be made (wherever possible) in subsidies of camps and purchases of the team equipment.

Snowsport England is continually looking for sponsors and additional revenue sources which will be added to the central budget. The support of the athletes and parents in finding sponsors and supporting fundraisers all helps to reduce the actual athlete cost of the programme.

3.4 Programme Organisation and Management

The part time programme is run on a camp by camp basis. Camps will be run if there is demand and it is economically viable. Our aim is to keep the coaching ratio in the region of between 6 to 8 athletes to each coach. This ensures some degree of cost efficiency. Most of our communication is by email.

The programme, coaching, management and administration costs are financed from the England team budget. Camp expenses, including the cost of vehicles are met in part by contributions from the athletes and, where possible, subsidy from the England Team budget. Individual expenses such as hotels, food and lift pass paid at our best estimation of cost and are calculated in the costs of the camp to the athlete. Payment is taken for each athlete in advance of each camp. Camps will be costed with a small contingency fee, which can either be carried forward to the next camp, or refunded after the camp. England Team staff then pay all bills centrally when in the resort or prior to departure.

The only exception to this is for flights to the Continent. Flights are usually booked individually. On longer camps we will always try to take a house-parent with us. A contribution to the related expenses is then also required.
